Investment Announcement

Construct a modern and standard fuel station
located on the Takhar- Badakhshan Highway

Afghanistan Oil and Gas Corporation (AOGC) intends to construct a modern and standard fuel station on a piece of vacant land owned by the corporation, located on the Takhar- Badakhshan Highway, Woloswali Farkhr, Takhar Province. The project will be implemented using private investors' capital, in exchange for a contractual concession.

Individuals, corporations and private companies may obtain the construction bid terms for the aforementioned fuel Tank by submitting a formal application. The bidding terms will be available from the Takhar Oil and Gas office and Central office of (AOGC) (located in Kabul, beside the District 17 of municipality, Sare Kotal Khairkhan) in exchange for a fee of 1000 Afghanis. The Application period is valid from the date of this announcement until 25-2-2026.

Note: Applicants must bring a flash drive with them in order to receive the project map and bill of the quantities (BQ).
