Market Engagement and Assessment

World Vision International- Afghanistan is a non-profit, humanitarian aid and development organization that is dedicated to helping children and their communities reach their full potential by tackling the causes of poverty. We serve the most vulnerable children, families, and communities through means such as emergency relief, education, health care, economic development and promotion of justice. Our work touches approximately 100 million people in nearly 100 countries, assist and empower people regardless of religion, ethnic background or gender and equip them so that progress made is sustained and continued.

World Vision International – Afghanistan, as parts of its procurement operational context, would like to launch this market survey in order to get the right and up to date information of how the local market operates, the potential barriers to entry the market, the opportunities for creating an advance interest for the market engagement and simply to determine, what will motivate the right suppliers to participate in the procurement. Such studies would help WVI to deliver the right and principled procurement transparently under a meaningful partnership with the private sector.

As part of our procurement plan for FY 22 (Oct 2021 – Sep 2022), our tentative engagement with the market on the tendering opportunities will be basically around the following categories:

Goods	Works/ Construction	Services
<ol style="list-style-type: none">1. Agricultural equipment and seeds;2. Supply of pharmaceuticals, medical equipment, consumables and hygiene kits;3.
