BACKGROUND INFORMATION:

PARSA is a 23-year-old non-profit registered in the US, and in Afghanistan as a non-governmental agency. PARSA is a "hybrid" organization. Staff, both national and international, has had extensive experience producing programs in Afghanistan, which makes PARSA a leader in innovative program implementation. At the same time PARSA practices require coordination and support with other agencies, which gives us the skill to create change in Afghanistan. PARSA provides a uniquely direct, personable, and measurable link between Afghan-led community initiatives and the international donor resources. We live and work in the Afghan community. With decades of experience, a deep-rooted love of the Afghan people, and a deep cultural empathy and understanding of the local challenges and opportunities, PARSA works with, and in support of, Afghan-led initiatives.

SCOPE OF WORK

PARSA Afghanistan is inviting registered company specifically working in field of installation and design of Heating and Exhaust System for PARSA- Training Institute (PTI) with detailed specification outlined in the BoQ attached with this ITT. This project will be based in Kabul Marastoon, Afghanistan the vendors must include valid business license, profile and similar past performance, a detailed design and estimation and workplan along with their proposals.
